M MASTER[®]
PET

PRODUCTS PROFILE

Welcome To MasterPET

MASTER PET started its journey in the world of plastic in 2016 in Egypt and middle East producing and offering many solutions for packaging from the finest PET, PE and PP Raw materials, for containers, lid, closure and packaging accessories. and also print on them using the latest technology and the best types of inks.

Master PET exports to Turkey, UAE, Tunisia, Qatar, Netherlands, Kuwait, Jordan, Morocco and other regions across the Middle East and Africa.

Committed to sustainability, all products are recyclable, and the company holds ISO 9001:2015 and ISO 2200:2018 certifications.

MASTER PET expertise has grown and worked on continuous development in technical fields with a specialized team.

Our Mission

MasterPET is dedicated to simplifying the packing experience for customers by providing complete, end-to-end solutions. Our focus extends to delivering practical, safe, and advanced packaging choices that meet high quality standards. We are committed to innovation and sustainability, ensuring that our operations benefit the community while minimizing impact on the environment. As we strive for excellence, constant improvement in all of our services remains at the heart of our purpose, adding value to our clients and creating new industry standards.
